March 12, 2020

Dear Recovery Education Center Students,

Over the past few weeks, we have been closely monitoring the growing impact of the coronavirus (COVID-19) outbreak here in Boston. Our first priority is to ensure the health and well-being of all of you during this unusual time. Due to the increased spread of the coronavirus in Massachusetts, Boston University has decided to discontinue all IN PERSON learning on campus, **effective Monday, March 16, 2020, through Monday, April 13, 2020. This means that there will be NO RECOVERY EDUCATION CLASSES during this time.**

I know how challenging this will be for you all, as this is a meaningful community for you. I want to reassure you that this decision has been made to help stop the spread of the virus.

Your Recovery Education Center Instructors will reach out to you by phone, email or text at least once a week to check in to see how you are doing and connect. We will effectively move registration for the summer semester to begin on **Tuesday, April 14, 2020.** We will keep you posted if there are any changes to this timeline.

Please reach out by email or phone if you have any questions or concerns. We will miss seeing you all here for these 4 weeks but look forward to connecting in other ways.

Be Well!

Dori Hutchinson
Director of Services
