### **Is a postdoctoral research fellowship right for you?**

A two-year postdoctoral research fellowship program in psychiatric rehabilitation and

vocational recovery from serious mental illnesses will begin in **July 2021** at the Center for Psychiatric Rehabilitation at Boston University.

Didactic seminars, extensive research practicum and annual stipend of \$50,000 are included in the fellowship. Applications are due **January 15, 2021**.

Contact: Dr. Zlatka Russinova at (617) 353-3549 or [zlatka@bu.edu](mailto:zlatka@bu.edu). More detail about the fellowship program is available at [cpr.bu.edu/research/postdoc-research-fellowships](http://cpr.bu.edu/research/postdoc-research-fellowships)

**What's new in helping people think about and succeed in work?  
Plan to join us!**

Wonder what researchers are finding out about employment for people with mental health conditions? Each webinar is designed to discuss a recent research study from the ***Psychiatric Rehabilitation Journal***. The design of the webinar ensures a clear and relevant way to digest the information, even if you know little to nothing about research.

The first of three webinars in the series will look at "Work-Focused Cognitive Behavioral Therapy to Complement Vocational Services for People with Mental Illness: Pilot Study Outcomes Across a 6-Month Posttreatment Follow-Up." The lead author of this research, Dr. Marina Kukla, PhD, will discuss her study on **December 7th, 2020 at 12:00 PM EST**.
